

Des Moines

by David D. Grossklaus and Cristina Kuhn

Since opening in 1991, our Des Moines office has established itself as well-known and well-respected. It offers a variety of services and specializes in the healthcare industry, representing clients in transactions, regulatory compliance, administrative proceedings, and health litigation.

Des Moines provides a small town feeling with big city bustle as a major center for insurance, financial services, and publishing. The area is a cultural center for Iowa, with many museums and performing arts groups. In the heart of the Midwest, Iowa is a leader in agriculture with its picturesque lush green fields, rolling hills, and farmland.
