

EDGAR Next is Live – What Canadian Issuers Need to Know

March 31, 2025 – Cross-Border Counselor

by James Guttman

The SEC has updated the EDGAR system's login, password, and access protocols which will affect Canadian SEC reporting companies and other individuals and entities with EDGAR filing codes, including non-reporting companies that file Form Ds for private placements, Section 16 filers, and investors that file on other reports such as Schedule 13D/G, Form 13F and Form 13G (referred to as "EDGAR Next").

Compliance with EDGAR Next protocols are now mandatory for new filers, while existing filers must comply starting September 15, 2025 and existing filers will have until December 19, 2025, to enroll in the EDGAR Next system.
