Boise – 208.617.2552

Philip is a business attorney who represents clients in a full range of general corporate and transactional matters.

Philip represents clients in capital raises, mergers and acquisitions, and financings. He regularly represents venture capital and private equity funds in addition to privately held companies at all stages of the business life cycle.

Philip represents clients in a variety of industries, including industrial and freight, software and technology, and retail products. He also has significant experience representing mining and project development companies, where he assists clients in complex business transactions, land acquisition and lease agreements, and secured loan facilities, together with general corporate matters.

Select Experience

Mining & Project Development

- Represents mining clients in Idaho, Nevada, and Montana in a variety of ongoing corporate and transactional matters, including the acquisition and sale of mining claims, lease and option agreements, and secured loan facilities. *
- Represents both buy- and sell-side mining clients on complex mergers and acquisitions and other strategic business transactions. *
- Represents mining clients related to reclamation and other performance bonds in connection with state and federal requirements as well as secured loan facilities. *
- Represents project development and mining companies in real estate leasing, acquisitions, and secured transactions. *
