Sue coordinates pro bono services in our Minneapolis office. By pairing lawyers with pro bono opportunities, Sue's efforts benefit the low-income people served, the lawyers doing the legal work, and the community as a whole.

Sue supports partnerships with Dorsey's existing client companies by coordinating training sessions for in-house counsel and Dorsey attorneys, which are followed by legal clinics staffed by in-house counsel and Dorsey lawyers working together. Through these partnerships, the firm lives its core values of clients, colleagues and community, while providing high quality legal services to those who cannot afford them and the organizations that serve those people.
