

Tina Choi

Patent Agent

choi.tina@dorsey.com

Seattle – 206.903.8781

Tina assists clients in protecting their intellectual property rights through patent prosecution and patent portfolio management.

Tina utilizes her technical background to assist a broad range of clients in the patent prosecution process.

Tina has experience prosecuting patents over a variety of technical areas, including computer software, wireless communications, virtual machines, memory devices, medical devices, and consumer products. She also has experience in helping clients assess patentability and infringement risks.
