

Tyler Jeffs

Senior Attorney

jeffs.tyler@dorsey.com

Salt Lake City – 801.933.4021

Tyler values clear communication with clients and strives to thoroughly understand technologies and business needs, providing clients with strong protection in the U.S. and around the world.

Tyler has drafted hundreds of patent applications across various technological fields including mechanical engineering, automotive, automation, optics, manufacturing, medical devices, artificial intelligence, printing systems, scientific testing, self-driving cars, manufacturing, clean energy, virtual and mixed reality, and others.

Tyler has represented a wide range of companies, ranging from top tech companies to local start-ups. Each client receives the same dedication and attention.

In addition to corresponding with the United States Patent and Trademark Office to secure patent rights for his clients, Tyler also counsels with clients, providing legal and technical expertise to facilitate important business decisions.
